

## How to keep yourself and others safe from scams

- **Be cautious and listen to your instincts.** Never be afraid to delete, hang up or shut the door.
- **Don't assume everyone is genuine,** take your time and don't be rushed.
- **Be very wary of offers made during telephone cold calls and NEVER** give or confirm personal details.
- **Know who you're dealing with** and take a moment to think 'is my information and money safe?'.  
● **NEVER** deal with doorstep cold callers.
- **NEVER** click on links or open attachments in unexpected emails or text messages.
- **Your bank or the police will never ask for your bank details,** for you to withdraw cash to be collected or transfer money to another 'safe' account over the phone.
- **Protect your financial information,** especially from people you don't know. Think carefully before giving bank details and **NEVER** share your PIN number with anyone.
