The 2020/21 resolution shortlist is now ready!

After receiving a huge amount of great resolutions from WIs, member delegates and federation representatives completed the hard work of narrowing them down to a shortlist at the October Resolution Shortlist Selection meeting. This shortlist is now ready and all members are invited to evaluate the list and submit their individual selections to their federations by 18th January.

The NFWI has prepared a range of resources on each shortlisted resolution which you can use to aid your decision. Members are encouraged to read the briefings, do their own research and engage critically with the resolutions before selecting the one they support the most. We would also encourage you to hold virtual meetings to discuss the resolutions in your WIs.

You can find the shortlist and **[supporting resources here](#)**.

If you have any questions about returning your selection slip, please speak to your WI committee or your federation.

You can find your selection slip in the November/December issue of WI Life.

In addition to completing the selection slip in WI Life and posting it to your federation, WI's can:

- allow members to submit their selections directly to the WI secretary via email or telephone;
- conduct an anonymous poll at a virtual WI meeting; or
- collect selections using electronic tools, such as via email or using a survey tool like SurveyMonkey.

For more information or to request a copy of the selection slip, please contact the NFWI on pa@nfwl.org.uk.

16 Days of Action: 25th November – 10th December 2020

During the first 7 weeks of the national lockdown that begun in March, the police received one call relating to domestic abuse every 30 seconds. During lockdown, even more survivors will become vulnerable to domestic abuse and will find it more difficult to escape their abusers.

Here are some ways you can get involved:

- 1. Take part in our 'Supporting Survivors' Webinar on December 1st from 1pm-2.30pm.** Open to all WI members, you will have the chance to hear from expert speakers on how WI members can support survivors on a local and national level, what the impacts of Coronavirus and the lockdowns have been on survivors and specialist support services and on recognising abuse. Places are limited so register your interest **[here](#)**.

2. **Host a virtual WI meeting to discuss the new presentation we have produced.** This year's presentation looks at some common myths around the issue of violence against women and also examines victim blaming. To download the presentation [click here](#).
3. **Hold a candlelight vigil.** Whilst Coronavirus restrictions mean holding a vigil outside is not possible, we have issued guidance on how you can take part at home. You can also join NFWI Wales' virtual candlelight vigil on 23rd November at 6pm. Register to take part and find further information [here](#)
4. **Organise or take part in a virtual fundraising quiz:** This year, local women's refuges have seen a dramatic decline in fundraising. You can still help – use [our guide](#) on how to set up a virtual quiz to raise money for your local women's refuge.
5. **Take part in White Ribbon Day:** White Ribbon Day takes place on 25th November every year. We have outlined ways you can take part this year [here](#).
6. **Set up a challenge and get sponsored:** [This document](#) will help you set up a challenge, which you can do from home, and guide you on how to get sponsored and give the donations to your local women's refuge.

Watch: David Attenborough 'A Life On Our Planet'

Following the release of David Attenborough 'A Life on our Planet' documentary on Netflix at the start of October, the NFWI Public Affairs team would like to encourage WI members to consider organising virtual screenings of the documentary using Zoom.

Produced with the WWF, the documentary is billed as David Attenborough's 'witness statement', and underlines the urgent need for world leaders and Governments to come together to tackle climate change and the degradation of wildlife and nature before it's too late.

The film can be screened using a Netflix account. Should you or any one you know be unable to access a Netflix account, the producers of the film advise using Netflix's promotional offer of one free month, and then closing your account before your free month runs out.

Find more information about the film and resources for community screenings [here](#).

Equal Pay Day: 20th November

The Fawcett Society have confirmed that Equal Pay Day 2020 (the day in the year when women effectively, on average, stop earning relative to men) will fall on 20th November.

By using the full-time mean average pay gap (adding everyone together and dividing by the number of people), the Fawcett Society have calculated that the gender pay gap for this year is 11.5%, down from 13.1% in 2019.

Equal pay has been a long-standing concern of the WI. In 1943 WI members first campaigned for equal pay and stood up to say “That men and women should receive equal pay for equal work” (Bures WI, West Suffolk Federation)

While a reduction in the gender pay gap is welcome, the Fawcett Society warns that this year’s data comes with a significant reliability warning. This is due to difficulties the ONS has had in data collection due to the coronavirus pandemic, with a quarter of the usual sample of employer pay data missing (44,000 out of 180,000 employers) and the impact of furlough unclear.

To help raise awareness of their forthcoming report, the Fawcett Society is asking supporters to take part in an online stunt by wearing an Equal Pay Face Mask and posting the image on social media on November 20th. You will find examples in the image below – don't forget to use the hashtags #equalpayday2020

Food Waste: Help Spread the Word!

Every year roughly **6 million** tonnes of food are thrown away by UK households, of which **4.5 million** tonnes is edible. According to the UN, if global food waste were a country, it would be the 3rd largest emitter of greenhouse gases. On top of its negative environmental impact, food waste typically costs a family of four about **£60 a month**.

The UK has signed up to a global sustainable target of halving food waste by 2030. To help achieve this and as part of our Food Matters campaign, we have produced a flyer outlining '10 Top Tips to Reduce your Household Food Waste' submitted by WI members.

Whilst you may already be doing this in practice, sharing these tips with

friends, family and community members can help spread the word about how we all have a role to play in reducing our household food waste.

You can download the list [here](#).

The Environment Bill and Plastic Pollution Bill

The Environment Bill finally returned to Parliament on the 3rd of November.

The Bill has been given a parliamentary 'out date'- meaning the Bill has to have moved from the House of Commons- of the 1st of December.

The Bill is currently going through Committee Stage in the House of Commons, and has 7 further stages to go through.

Working with Surfers Against Sewage, Keep Britain Tidy, Tearfund and Friends of the Earth, the NFWI will be tabling the plastics reduction amendments to the Environment Bill at the 'Report Stage', which is the next stage of the parliamentary process.

We also supported Alistair Carmichael MP's Plastic Pollution Bill which was tabled on the 5th of November 2020.
