WI Bulb Scheme 2023

The Federation is participating in Taylor Bulbs WI Bulb Scheme.

Enclosed with this mailing are copies of the brochure for members to browse. Taylors have specifically put together this brochure for WIs, so it is unique to us!

This is how the scheme works:

1. Once you have circulated the brochures to your members to browse through, who can place an order if they wish. There is a member's order form at the back of the catalogue and a digital version is being sent out with this month's mailing, and will be available on the Website.
2. Also enclosed is a triplicate order form – "Co-Ordinator Order Form" – for your WI, to co-ordinate all your members' orders (so that all orders are on one form).
3. You then collect the money for the orders and return the top two copies to the Office, together with your payment:
 - By Cheque – made payable to NFWI, with your WI name and "Bulbs23" written on the back
 - By BACS – Payable to NFWI: Sort Code 08-92-99 Account No. 65431449 Referenced with your, WI and "Bulbs23"
(Please note you are paying by BACS on the Co-Ordinator Order Form)
4. The Office will then return all the forms to Taylors Bulbs.
5. Taylors Bulbs then dispatch your order direct to the address you noted on the Co-Ordinator Order Form.

Important Deadline Dates!

- WI Forms returned to the Office **by 2nd June 2023**
- Federation returns forms to Taylors Bulbs on 16th June 2023

- A hard copy of the Members Order Form is enclosed, for copying
- A digital copy will also be sent to you, which you can either print or circulate via email

(Associates

If you wish to order bulbs, please complete the Co-Ordinator Form, noting "Associate" under Institute Name and put the Federation Address.)

If you have any questions, please contact the Office
