

## Green Hearts 2023

We always highlight our concern for the planet & environmental issues on

**14<sup>th</sup> February**

**by making and sharing Green Hearts in our communities**

We do this with other members of the Climate Coalition.

Make some **Green Hearts** to wear,  
give away or display in your community!

Use your creative skills to make...

- ♥ Heart Bunting
- ♥ Oriental Hanging Hearts
- ♥ Origami Hearts
- ♥ Patchwork Hearts
- ♥ Cross Stitch Hearts
- ♥ ...the Possibilities are endless!

**CLIMATE CHANGE CAN FEEL HUGE. START SMALL.**

A simple green heart makes a big difference.

Show that you want to protect the people, places and nature  
we love from the worst impacts of the climate crisis.

Let us know what you're doing. Share your photos with us!  
Had a Green Heart event? Send us a report!
