

The Norfolk Federation Digital Training Team

Do you have members looking for help with their IT problems?

Do they find it difficult to get to one of our Get Comfortable On Line sessions at Evelyn Suffield House?

Then we can come to you

You just need to provide the venue eg village hall or a member's sitting room - it should have good Wi-Fi and room for your members plus two or three from the Digital Training Team.

We charge £5 per member plus travel expenses incurred by the tutors.

We don't know all the answers but we have fun finding out

Contact the team on for more information:
