Betty's Little Felt Needle Case

You will need:

2 pieces of felt in contrasting colours.

Cut 12" x 4" pieces in both colours.

Cut 2 pieces 3 ½" x 3" in one of the colours and also cut a heart from this same colour.

Cut a flower (optional) from the other colour.

Method:

Use three strands of embroidery thread or number 5 Perle throughout.

Divide one of the pieces of felt into 3 sections (do not cut)

Place heart in the centre of the middle section, pin, stitch using blanket stitch as illustration.

Place one oblong piece (pocket) at the bottom right of the first section, pin, and blanket stitch round three sides.

Stitch flower shape (optional) to the centre of the remaining oblong, pin the pocket in place at the bottom, pin and then stitch down right side only.

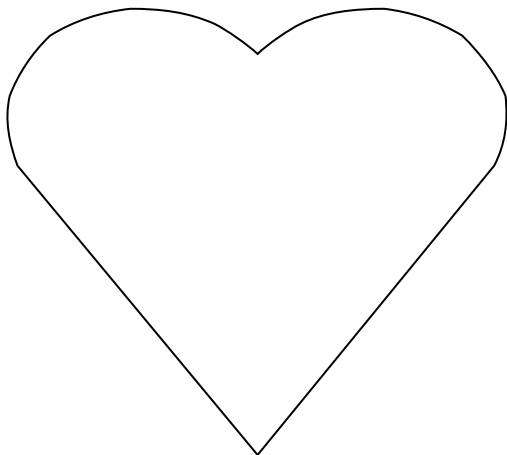

Place the two pieces together right sides out, pin and stitch all the way round, catching pocket and oblong piece as you go.

On the outside sew the ribbon in place down the centre 1/3rd of the way along, leaving the remaining ribbon free.

Place leaves over the start of the ribbon and stitch down.

Finally add the button, fold into three and wrap the loose ribbon around the button to close.

Congratulations your needle case is now finished.

**With many thanks to Betty Stacey,
a member of the Creative Activities Committee**

We would love to see your finished results!
Take a photo, send it to fedsec@norfolkwi.org.uk and we'll publish them
on social media and in Norfolk WI News
