Let's Get it out Into the Open!

27th November

2.30pm-4.30pm

Evelyn Suffield House

... we're talking about rape and sexual offences

One of our members, retired Norfolk Police Officer
and now Independent Sexual Violence Adviser,
Catherine Twiss, will lead a discussion on:

- how police attitudes and investigations have developed over the last 30 years
- what support is now available to victims
- how societal attitudes continue to change

We're aware that this is a very sensitive area but be assured that:

❖ *The crimes will not be discussed gratuitously*

❖ *Help will be available for anyone wanting support*
