THE GREAT BIG GREEN WEEK

10th – 18th June 2023

Join us on Wednesday 14th June when Norfolk WI will have a Pop-up Stall at Norwich Station

We can talk to people using the station about concerns that they may have and actions being taken to stand up for nature and fight climate change and hope to be joined by members of the RSPB (also a member of the Climate Coalition), to highlight the issues facing us all.

The Climate Coalition is the UK's largest group of people dedicated to action against climate change. Along with its sister organisations in Wales and Scotland, it is a group of over 130 organisations — including the National Trust, WI, Oxfam, Friends of the Earth and the RSPB — and 22 million voices strong. Every year during the Great Big Green Week, people come in every corner of the country to celebrate the heartfelt, everyday actions being taken to stand up for nature and fight climate change.

Do drop by between 10 am and 3pm to lend us your support. If you would like to help on the stall, then contact us via the Federation Office.

If you have any small Green Hearts which we could give away, then please leave them at the Federation Office for us!
