

The Communications Committee in association with Creative Activities Committee

Is your craft room bursting at the seams?

Well, we have just the thing!

The Federation is holding a **Pre-Loved Craft De-Stash Sale** on **17th October** to raise funds, and we would absolutely love you to give your good quality, unused, unwanted—but still lovely—crafting treasures a second life in the hands of fellow makers.

Do you have a lurking stash of beautiful fabric, wool, ribbons, buttons or other haberdashery quietly waiting for its moment to shine again?

Perhaps you were once full of grand crafting ambitions (as we all are!) but now find that the collection has grown... and grown... and possibly started its own small empire in the cupboard?

We're looking for:

- Fabric (all shapes and sizes!)
- Wool and yarn
- Haberdashery delights (buttons, zips, ribbons, trims, patterns, etc.)
- Any other crafting bits and bobs and tools that deserve a new home
- **Please note: We are not looking for *unfinished craft projects, tapestry, frames, craft books or magazines***

The only rule: Items should be in good, usable condition but the sort of things you'd happily pass on to a fellow crafter.

By donating, you'll be:

- Clearing a little space (imagine that!)
- Supporting your Federation
- Helping other crafters discover their next project (or delightful obsession!)

It's a wonderful way to share the joy of crafting—even if you never quite got around to starting that quilt / jumper / masterpiece / whatever (we promise we won't tell anyone)

If you have items to donate, we'd be delighted to receive them at Evelyn Suffield House Tuesday or Wednesdays during opening hours.

Thank you for helping us turn surplus stash into something truly special!
